Dear Ms. Savich:

Your application for graduate study in the Department of Computer Science at the University of Illinois at Urbana-Champaign has been carefully considered by our Graduate Admissions Committee. We regret to inform you that the committee is not recommending you for admission. Due to space limitations and a very large number of exceptional applicants, we are unfortunately unable to recommend many well-qualified students for the program. Therefore, we hope that this decision will not discourage you from pursuing your future academic and career goals.

Please note that the department policy is not to communicate the individual reasons for its decision. If you have any questions, please respond to this email.

We appreciate your interest in our program and all of your efforts in preparing an application. Together with the rest of the department, we sincerely wish you the best of luck in your future endeavors.

Sincerely,

Dr. Brian Bailey, Professor
Director of Graduate Programs

Dr. Darko Marinov, Professor
Director of Graduate Admissions
